## PERSONALS AND BRIEFS.

## Notes of Happenings and People You Know.

## "My Country, 'Tis of Thee."

"Breathes there a man with soul so dead, Who never to himself hath said, 'This is my own, my native land?'"

Miss Harrison, of the Normal faculty, is on duty again.

Rev. Mr. Graham will preach at the Miller School on next Sunday.

Mr. E. L. Paulett was the first to vote on the morning of the 3rd.

You said you were going to do it "after the election." Now do it.

This is chrysanthemum season and they are blooming out in all their glory.

Mr. A. J. Morrison is engaged in literary work and located in Washington.

The sidewalks in South Farmville are the cleanest, neatest and altogether the best kept of any in town.

Mrs. Morrison has left her home at Hampden-Sidney and will spend the winter in South Carolina.

Rev. Dr. Kelly, of Washington, D. C., will preach at the Methodist Church next Sunday morning.

If you did your duty on Tuesday you have nothing to do but to keep on doing your duty and some day die happy.

Two rooms have recently been added to the Methodist District parsonage to the delight and convenience of the inmates.

Mrs. Judge Watkins attended the sessions of the West Hanover Presbyterian Woman's Union, which was held at Danville.

The last day of October was one of the best. The month simply died in a blaze of glory. We may never look upon its like again.

And now we have fine time to work on the Herald's Trade Edition. Select your space, give us the facts and we will do the rest.

Those noble trees that stand guard in the yard of Mr. D. T. Elam are holding on to their summer dress with a grim determination not to be dislodged.

Now for hunting party to go out in some far off country place and spend a week and some home Saturday night with deer, turkeys, old hares, squirrels and a few pheasants.

As we understand only women are expected to attend the sessions of the Y. W. C. A. which are to be held this evening and tomorrow evening in the auditorium of the Normal.

Our first ice formed on last Sunday morning, but when the sun shone out in all its glory it simply melted away from the field of contest and confessed to a disastrous defeat.

There are as have been during the past seasons many beautiful roses blooming in Farmville, but none more so than those which have been receiving the care of Mrs. H. E. Wall.

The ladies of the Baptist Church gave an inviting supper of oysters and other good things at the armory on last Friday afternoon and evening and realized \$50 after all expenses were paid.

Mr. Taft often lost his voice during the canvass and had just to stand to be looked at. The auctioneers at our warehouses never lose control of their voices and are always ready to cry out loud and strong for another bid.

Now that the election is over, for fear that we may fall into a state of distressing "desuetude," let's have a busy show. For strenuousness of preparation, execution and judicial decisions it has no superior.

Cards have been issued by Mr. E. Montague Smith to the marriage of his sister, Mary Lillian, to Mr. Thomas Fulton Noel, of Farmville. The ceremony will take place at the residence, Blackstone, Va., on Wednesday afternoon, November 11th.

It seems that only three voters at the Brown's Church voting precinct in Cumberland remembered that Courtney Franklin was in the race for Congress. Friends of friend "Courtney" should brush up on the memory line about election time.

Dr. Millidge delivered an interesting and instructive talk on the Balkan question in the auditorium of the Normal on last Monday morning. These Monday morning short talks of the Doctor on life questions of the day are greatly enjoyed and appreciated.

The Covenanters of the Presbyterian Church were entertained by Mr. and Mrs. Walker Scott on last Friday evening. It was Halloween night with the boys and girls and for the time they became spooks and spectre-like things. Refreshments were served and enjoyed.

Our warehouses have two rest days in each week, Saturday and Sunday, but they do work like troopers when they are at it. And just here we would say that they are now ready to receive the new crop of tobacco and "handle it with care." The prices are good, the roads are good, and we have recently had a good season.

Grass growers as well as doctors will differ. Some writer has said the boldness to appear in print as criticizing Mr. T. O. Sandy's method of growing grass. If the doubting brother will only visit the farm of Mr. Sandy he will be convinced against his will. Nothing so succeeds as success.

The sun rises and sets just as it did before the election, night follows day and day follows night, the school bells ring at the same hours, the whistles sound as of yore, buying and selling, mourning and dying, greetings and goodbyes, the trains come and go, Dunkum's luck makes its regular rounds and the Appomattox still goes rolling on to the sea.

Mrs. Houston is ready to devote three acres for the site of the proposed Methodist hospital provided it is to be located here. The following committee has been appointed by the Board of Trade to visit the conference in Norfolk, and represent the advantages of this as a location: Messrs. Jarman, Barrow, Martin and Dr. Anderson, with the committee on Health and Sanitation, composed of Drs. Spencer, Gills, and Crute.

The Star Course.

The Star Course of the season opened at the Opera House on last Wednesday evening under favorable auspices. The audience was large and representative one, and was simply delighted with the artistic playing of Miss Reed and the inimitable reading and acting of Miss Bromell. This last named gifted lady reached the climax of her success when in the closing piece she sang and recited, and declaimed and danced as only the little girl, the small boy and the young boy dancer could.

The program was rendered sweetly, quickly, pleasantly and everybody went home delighted.

The first of the season was a signal success.
